ORDER**

The Court asked whether there was any reason why judgment should not be pronounced. Because no sufficient cause to the contrary was shown, or appeared to the Court, the Court adjudged the defendant guilty as charged and convicted and ordered that: Pursuant to the Sentencing Reform Act of 1984, it is the judgment of the Court that the defendant is hereby placed on probation for a term of: **Three (3) years.**

It is ordered that the defendant shall pay to the United States a special assessment of \$800, which is due immediately.

It is ordered that the defendant shall pay \$250,000 as a community service payment, which is due immediately.

It is ordered that the defendant shall pay to the United States a total fine of \$1,000,000, which is due immediately. Half of the fine shall be paid to persons set forth in a separate list prepared by the Government which this Court adopts and which reflects the Court's determination of the amount due to each person. The list, which shall be forwarded to the fiscal section of the clerk's office, shall remain confidential to protect the privacy interests of each person.

Pursuant to the Sentencing Reform Act of 1984, it is the judgment of the Court that the defendant, Herm. Dauelsberg GmbH & Co. KG, is hereby placed on probation on Counts One and Two of the Information for a term of three (3) years to run concurrently, under the following terms and conditions:

The master and chief engineer aboard each subject vessel shall be responsible for ensuring compliance with this program. This program is subject to approval by the United States Probation Office and the USAO

9. Hulls Fracture Inspection and Reporting Policy. Defendant agrees to develop and implement a company-wide policy requiring crew members working aboard subject vessels to conduct inspections for, and immediately report, any cracks or fractures to the subject vessels that occur while transiting the Panama Canal. This policy must be implemented aboard all subject vessels and must require the crew to immediately report any such fractures or cracks to defendant's corporate headquarters and to the applicable classification society for the vessel. The master and chief engineer aboard each subject vessel shall be responsible for ensuring compliance with this policy. This policy is subject approval by the United States Probation Office and the USAO.
10. Defendant agrees to strictly adhere to its Hot Work and Confined Space Entry policies and procedures for the subject vessels as required by the International Safety Management ("ISM") code. The master and chief engineer aboard each subject vessel shall be responsible for ensuring compliance with this policy. The Court advises defendant of his rights to an appeal.

In addition to the special conditions of supervision imposed above, it is hereby ordered that the Standard Conditions of Probation and Supervised Release within this judgment be imposed.
